FROM OUR FOUNDER

My vision of Club Ride was developed when I was riding my mountain bike and thought there should be a different choice of clothing than what was currently in the market. I wanted to speak to a group of people who, when they close their eyes and find their happy place, see the great outdoors, hear the sounds of nature and can smell the fresh air. A group of people who see the value in authentic quality products that touch the many facets of their lives. Our story starts from the bike and never ends. Ride, hike, travel or play with your kids at the park. That's what we do, this is who we are.

EDEN WITH LINER

Style #WSED801

If you're looking for a killer pair of shorts with the liner included, your search is over. More stretch and 1" more in the length make it a short for every girl. We took away the external adjustment and added an internal Velcro system for a cleaner look. While we changed the fabric, we still kept all the same features with the Nocrackback™, front and rear pockets, and reflective accents.
